EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>1. I have now thoroughly gone through the article and found that it is very poorly written. The study design and data are not presented accurately. There are a lot of concerns which have been mentioned in the text of the article using track changes and attached here with. The article needs major revision before it is finally accepted for publication.</p>	<p>Thank you for your time in reading this document; the observations made are relevant and we will do our best to satisfy you and to improve the scientific quality of the manuscript</p> <ul style="list-style-type: none">- With regard to the title, we have based ourselves on the observation that we have not carried out any specific surveys on the increase in livestock numbers. To this end, we propose the following title Surveillance of Bovine Trypanosomiasis in the peri-urban zone of Bamako as a prelude to a campaign to eradicate trypanosomiasis animal in the basin of River Niger Mali-
