

Review Form 3

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_129998
Title of the Manuscript:	SURGICAL CORRECTION OF FLATFOOT DUE TO INJURY TO THE POSTERIOR TIBIAL MUSCLE TENDON: CASE REPORT
Type of the Article	Case report

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Thank you.
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is well structured and have sufficient information for this case report	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes but can add the numbers in introduction and also in references can add the numbers because direct authors names may be difficult to identify	We used directed citation, because we followed the instructions from the template document provided on the journal's website, which states the following: "References must be listed at the end of the manuscript and numbered in the order that they appear in the text. Every reference referred in the text must also present in the reference list and vice versa. In the text, citations should be indicated as (Author name, year)."
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments	Can add the Podoscopy of the patient, before the surgery because of that can measure and identify the difference between pre and post surgery	Unfortunately, we do not have access to the pre surgical podoscopy image.
