

### Review Form 3

|                          |  |
|--------------------------|--|
| Journal Name:            | <a href="#">Asian Food Science Journal</a>   |
| Manuscript Number:       | Ms_AFSJ_129025   |
| Title of the Manuscript: | Evaluation of the Proximate Composition, Mineral, and Water Soluble Vitamin Contents of Instant Noodles made from Blends of Wheat, Local Rice, and Water Yam Composite Flours. |
| Type of the Article      |  |

#### PART 1: Comments

|   | Reviewer's comment  | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|---|---|
| <b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b> | This study can give a clue about the development and characterization of such type of formulated products for the consumers and scientific communities.   |   |
| <b>Is the title of the article suitable? (If not please suggest an alternative title)</b>   | It is a suitable title  |   |
| <b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>      | It is good but some correction should be taken for example Study design Mixture should be included under methodology  |   |
| <b>Is the manuscript scientifically, correct? Please write here.</b>  | The manuscript is scientifically correct and adheres to the appropriate scientific writing style. But the presented data and findings are not accurately explained by comparing it with appropriate and related works with references. Hence further clarity is required for readers. |   |
| <b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>                              | The references are not sufficient particularly, result and discussion section; hence, additional references are required.   |   |
| <b>Is the language/English quality of the article suitable for scholarly communications?</b>  | In general, the language used is simple for the readers to understand easily.   |   |
| <b>Optional/General</b> comments  | Result and discussion section needs further clarity about the effect of the blending ratio on proximate composition and mineral contents. The significancy and/ or insignificancy are not reason out based on the composite flours .  |   |

#### PART 2:

|   | Reviewer's comment   | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|--|--|
| <b>Are there ethical issues in this manuscript?</b> | <i>(If yes, Kindly please write down the ethical issues here in details)</i> |  |
