<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	This manuscript is important for the scientific community as it studies banana farming in the semi-arid region of Indapur tehsil, Pune district. It shows how farmers use modern techniques and understand local geography to improve farming. The findings highlight the role of technology, farmer awareness, and social factors in boosting banana production. The recommendations can help farmers, policymakers, and researchers overcome challenges and improve farming methods.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	Yes	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	The abstract comprehensively outlines the study's scope, methodology, results, and implications. However, it could be improved with the following suggestions" 1) Emphasize the socio-economic and educational factors affecting farmers' adoption of modern practices 2) Add a brief context about why Indapur is becoming a prime location for banana cultivation, such as specific regional advantages or shifts in agricultural practices 3) Mention specific challenges faced by farmers, such as pest control and market price volatility, in a concise manner. 4) Simplify terms like "foliar agrochemical applications" and "tensiometers" for clarity if the audience includes non-experts.	
<b>Is the manuscript scientifically, correct? Please write here.</b>	The manuscript is scientifically accurate, with a clear structure, sound methodology, and credible references. It uses valid data and tools for analysis, making its findings reliable. Let me know if you need further review!
