

### Review Form 3

Journal Name:	<a href="#">Asian Journal of Biochemistry, Genetics and Molecular Biology</a>
Manuscript Number:	Ms_AJBGMB_129899
Title of the Manuscript:	Effect of Vitamin A on Glucose Tolerance in Female Undergraduates of Ambrose Alli University, Ekpoma
Type of the Article	Original Research Article

#### **General guidelines for the Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

<https://r1.reviewerhub.org/general-editorial-policy/>

#### **Important Policies Regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

#### **PART 1: Comments**

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Vitamin A is not a part of standard diabetic management, hence a study that it is not effective has limited significance	
Is the title of the article suitable? (If not please suggest an alternative title)	Title is suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract and the article describes the role of vitamin A in health and wellness but why would you consider it to be involved in glucose metabolism or why would it influence blood glucose levels is not justified	
Is the manuscript scientifically, correct? Please write here.	Abstract and the article describes the role of vitamin A in health and wellness but why would you consider it to be involved in glucose metabolism or why would it influence blood glucose levels is not justified	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are for general benefits and role of vitamin A rather than its contribution to glucose metabolism	

**Review Form 3**

Is the language/English quality of the article suitable for scholarly communications?	Language is suitable	
<b>Optional/General</b> comments	<b>A well planned study but not directed to a cause of practical or theoretical concern</b>	

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**Reviewer Details:**

Name:	<b>Rajendra Singh Rajput</b>
Department, University & Country	<b>Mumbai University, India</b>
