

### Review Form 3

Journal Name:	<a href="#">Journal of Advances in Medical and Pharmaceutical Sciences</a>
Manuscript Number:	Ms_JAMPS_129997
Title of the Manuscript:	Administration of Exosome-Based Treatment for Exogenous Ochronosis Caused by Prolonged Use of Topical Hydroquinone
Type of the Article	Case report

#### **PART 1: Comments**

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Exosome based treatment in dermatology and cosmetology is recently introduced and dermatologists have to be familiar with it. Types of exosomes, their uses, side effects, are important issues.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	yes	
Is the manuscript scientifically, correct? Please write here.	yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Some are not appropriately cited in the manuscript, but they are recent and sufficient.	

**Review Form 3**

<p><b>Is the language/English quality of the article suitable for scholarly communications?</b></p>	<p>See my additional comments</p>	
<p><b>Optional/General</b> comments</p>	<p>Additional comments to the author:</p> <ol style="list-style-type: none"> <li>1. Page 2: replace “Exosome are” with “exosomes are”</li> <li>2. Page 2: replace “signalling” with “signaling”</li> <li>3. Page 2: replace “can be improved to reduce pigmentation and make it appear healthier” with “can be improved by reducing pigmentation and providing a healthier appearance”</li> <li>4. Page3: replace “many skincare products misuse topical hydroquinone for skin bleaching cream” with “many skincare products contain topical hydroquinone for skin bleaching”</li> <li>5. Page 4, line 2: reference (Brenner &amp; Hearing, 2008) is not appropriate. Replace it with reference (Bhattar et al., 2015)</li> <li>6. Page 4 line 6: replace reference (Brenner &amp; Hearing, 2008), with reference (Bhattar et al., 2015)</li> <li>7. Page 4: what can the topical application of exosomes add to the intradermal injection?</li> <li>8. Page 4: what is the benefit of the PDT Light, what color? (To maximize the delivery of exosomes to the dermal layer)? Where you have injected it???</li> <li>9. Page 4: within the 36days after the procedure, was there any topical treatment, or advice to avoid sun exposure?</li> <li>10. Page 4, what caused the telangiectasias of the patient? Has she used topical steroids?</li> <li>11. Page 4: what complications are to be expected?</li> </ol>	

**PART 2:**

	<p><b>Reviewer’s comment</b></p>	<p><b>Author’s comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i></p>
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
