

Editor's Comment:

Minor revision. Some corrections in the Introduction have not been made,

This part of introduction requires scope and clear justification for undertaking the present experiment.

Note: This paragraph should be the objective of the study.

Please add references for these statements (page 2).

Add a concluding statement stating that considering these properties of manures and hydrogen, we have planned the present study. Note: This paragraph should be the objective of the study.

Accepted after corrections to the Introduction.
