

Review Form 3

Journal Name:	Archives of Current Research International
Manuscript Number:	Ms_ACRI_129110
Title of the Manuscript:	Review on Invasive Alien plant species (IAPS) of Bhutan and its Geographical Distribution Within Country.
Type of the Article	

PART 1: Comments

	Reviewer’s comment	Author’s Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript is so important to identify ,status, distribution ,threats of invasive plant species in the study area -Invasive species are the second largest threats of biodiversity loss next to habitat loss losses so identifying such factor is important	Noted
Is the title of the article suitable? (If not please suggest an alternative title)	Yes but its good to rewrite title as (Review on the status and geographical distribution of invasive alien plant species in Bhutan)  rewrite as (Review on the status and geographical distribution of invasive alien plant species in Bhutan)	Corrected as suggested
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Introduction should be rewritten (biodiversity as world with invasive plant species ) rather than depending on geographical location of study area . -remove the table 1 (use only top five /ten and put the other in appendix section -add some explanation to your result -add conclusion and recommendation -detail discussion also needed  Introduction should be rewritten (biodiversity as world with invasive plant species ) rather than depending on geographical location of study area . -remove the table 1 (use only top five /ten and put the other in appendix section -add some explanation to your result -add conclusion and recommendation -detail discussion also needed -remove or reduce the literature review part	Revision made  Done
Is the manuscript scientifically, correct? Please write here.	Yes (but more modification needed )  Please modify as per comment	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No detail discussion (reference needed)  Please discuss your finding by supportin with in current finding	Revised

Review Form 3

Is the language/English quality of the article suitable for scholarly communications?	It is good	
<u>Optional/General</u> comments	<p>In general ,introduction should modified, reduce literature /remove it ,clearly state the methodology of your review, detail discussion needed and you should add conclusion and recommendation ,</p> <p>-Reduce the table 1 by using top five invasive species or put it in the appendix part</p> <p>-introduction should modified, reduce literature /remove it ,clearly state the methodology of your review, detail discussion needed and you should add conclusion and recommendation</p>	Corrected

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
