

Review Form 3

Journal Name:	Archives of Current Research International
Manuscript Number:	Ms_ACRI_130804
Title of the Manuscript:	Optimization of Drying Parameters for Maximum Nutrient Retention in Cassia auriculata: Implications for Functional Food Development
Type of the Article	

PART 1: Comments

	Reviewer’s comment	Author’s Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The article proved to be very interesting and informative about the potential of the object of this study (Cassia auriculata). It reports on the various areas of application and use of the material, as well as its promising results. I believe it will be of great value for future scientific research.	Thanks for the comments
Is the title of the article suitable? (If not please suggest an alternative title)	The title proved to be quite appropriate for what the article proposed.	Thanks for the comments
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract of the article proved to be explanatory, but it could have been a little more comprehensive in terms of information.	Thanks for the comments
Is the manuscript scientifically, correct? Please write here.	Yes	Ok
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Is the language/English quality of the article suitable for scholarly communications?	The article demonstrates several applications of the study product (Cassia auriculata) with their respective results and references, being considered scientifically correct. But whole article writing format need to be improved for clear understanding	Noted and revised
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
