Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	1. Discussed historical use of carbon materials like graphite and charcoal and graphene and its production 2. Lack of citation	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	In this article authors discussed the applications of the graphene also. So that should be added in the abstract	Abstract revised
Is the manuscript scientifically, correct? Please write here.	Yes	o.k.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Lack of Citation	We feel 58 citations is sufficient
Is the language/English quality of the article suitable for scholarly communications?	Need some changes	revised
Optional/General comments	I have gone through the entire manuscript. It is well written, but in some places, the organization of the paper is not proper.  Sections 4 and 5 should come after Section 2.  Please include figures for each application subheading and a few images for the preparation methods.  Where is Section 6? Please check.  Also, review the entire manuscript for typographical errors	o.k.  we feel section 4 & 5 are well placed/  we feel this is not needed for a review paper, since figures can be seen in the cited references.  Revised  Done
