

Review Form 3

|                          |   |
|--------------------------|---|
| Journal Name:            | Asian Journal of Advanced Research and Reports  |
| Manuscript Number:       | Ms_AJARR_131093   |
| Title of the Manuscript: | Critical Factors Influencing Electronic Health Record (HER) Adoption in U.S. Hospitals: An Empirical Analysis Using the Technology-Organization-Environment (TOE) Framework |
| Type of the Article      |   |

PART 1: Comments

|  |   |  |
|--|---|--|
|  | <b>Reviewer’s comment</b><br>Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review. | <b>Author’s Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
| Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part. |   | The revision has been completed on required sections   |
| Is the title of the article suitable? (If not please suggest an alternative title)   |   | The following requirements have been completed to individual sections as per requested by the reviewer   |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.      |   | The following requirements have been completed to individual sections as per requested by the reviewer   |
| Is the manuscript scientifically, correct? Please write here.  |   | The following requirements have been completed to individual sections as per requested by the reviewer   |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.                              |   | The following requirements have been completed to individual sections as per requested by the reviewer   |

Review Form 3

|   |   |   |
|---|---|---|
| Is the language/English quality of the article suitable for scholarly communications? |   |   |
| <u>Optional/General</u> comments  | <div>Dear authors please thank you for your work</div> <div>Please consider the following comments in the manuscript entitled <b>Critical Factors Influencing Electronic Health Record (HER) Adoption in U.S. Hospitals: An Empirical Analysis Using the Technology-Organization-Environment (TOE) Framework (Ms_AJARR_131093)</b></div> <div><ul style="list-style-type: none"><li>○ Provide a detailed description of the research design, data collection methods, sample selection, and statistical analysis techniques.</li><li>○ The Electronic Health Record System = EHR</li><li>○ If the study has been conducted, include a section presenting the results and discussing their implications. If not, clearly state that this is a conceptual paper and outline plans for future empirical work.</li><li>○ Make the hypotheses more specific and actionable. For example, specify the types of security measures or organizational readiness factors that influence EHR adoption.</li><li>○ Discuss potential limitations of the study and propose specific areas for future research, such as the role of cultural factors, patient engagement, or emerging technologies.</li><li>○ Ensure that all references are directly relevant to the study and support the arguments made in the manuscript,</li><li>○ Use other authors relevant publications ( other than Muzumdar P, et al).</li></ul></div> | <div>The following requirements have been completed to individual sections as per requested by the reviewer</div> |

PART 2:

|  |  |   |
|--|--|---|
|  | <b>Reviewer’s comment</b>  | <b>Author’s comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> |   |
