

Review Form 3

Journal Name:	Asian Journal of Biochemistry, Genetics and Molecular Biology
Manuscript Number:	Ms_AJBGMB_130454
Title of the Manuscript:	Sickle Cell Disease in Sub-Saharan Africa: Is CRISPR-Cas9 the Breakthrough We've Been Waiting For?
Type of the Article	Review Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This review will create an urge in scientific community to explore the more possible treatment ways with advanced technologies. Around the World and especially in the Sub-Saharan Africa the more prevalence of Sickle cell Anemia occurs in children of poor families. Therefore, its need of hour to give a new happy life to the SCA patients.	Noted
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Thanks
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Its good. You may add a sentence to describe overall occurrence of sickle cell disease in the World before sub sahara Africa	ok
Is the manuscript scientifically, correct? Please write here.	Yes	Thanks s
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes. But need to correct references style especially some last references	ok
Is the language/English quality of the article suitable for scholarly communications?	yes	Thanks
Optional/General comments	There are a lot of review articles on SCA its Okay but it also need to move in innovation in future. Its good structured review I strongly recommend for publication.	Ok
