

Review Form 3

Journal Name:	Asian Journal of Biochemistry, Genetics and Molecular Biology
Manuscript Number:	Ms_AJBGMB_130494
Title of the Manuscript:	Study on the Antidiabetic properties of Methanolic extract of <i>Baccaurea motleyana</i> leaf in Alloxan-induced diabetic mice
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	<i>Baccaurea motleyana</i> leaf and fruits are used to many disorders and Diabetes disease is suffering by most of the population in the world, so present research is use full to medical & pharma field.	I think my research work will help people to focus on the herbal medicine instead of synthetic medicine which have a lot of side effects. Additionally, leaf will be available in every situation so that we can make the medicine easily because of the availability. In future, Pharma field will explore the new medicine which have less side effect than synthetic drug.
Is the title of the article suitable? (If not please suggest an alternative title)	yes	Yes. I think the title is suitable for my article.
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No	I also agree with the reviewer. No need to add or delete something in my article.
Is the manuscript scientifically, correct? Please write here.	Invitro and In vivo words should be keep in Italic font.	I have corrected this in the manuscript.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Suffiecient	It is sufficient.
Is the language/English quality of the article suitable for scholarly communications?	Suitable	Language is suitable and I also check the grammar by using quillbot website. Also use this website for paraphrasing.
<u>Optional/General</u> comments	It would be nice if Phytochemical screening report of plant extract is added to research manuscript. Have to Mention which phyto bio active compound is responsible for anti diabetic activity	It obviously will be nice to add the phytochemical report. But I think this is enough to understand.
