A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> <li>This case report of Fibrodysplasia ossificans progressive (FOP) is a rare variety of myositis ossificans is of immense help to Radiologists, Orthopedic Surgeons, Neurosurgeons and Embryologist to diagnose the disease at the earliest as well as to accurately interpret the MRI scans and plan therapeutic approach. This disease with pathognomonic macrodactyly of the great toe commonest, of significant feature to Podiatrist. Though the prognosis is poor still Psychological counselling to relief stress and pain and regular Physiotherapy to avoid secondary atrophy owing to disuse and pressure. Moreover it's genetic predisposition will in near future provide hope for gene therapy and drug development.</li> </ul>	Noted
Is the title of the article suitable? (If not please suggest an alternative title)	No, can replace as follows:-  <b>FIBRODYSPLASIA OSSIFICANS PROGRESSIVA OR MUNCHMEYER'S DISEASE : A CASE REPORT WITH CLINICAL &amp; EVOLUTIONARY ASPECTS</b>	Title revised
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Progressive heterotopic ossification that can induce a disabling second skeleton. Explain and further elaborate this line. The heterotopic ossification affects ossification of muscles, tendons, ligaments etc after post traumatic injury or genetic mutation. The disease onsets early and is gradually progressive and results in complete immobilisation affecting almost all joints of the body. It is a rare case without causative factors, no treatment poor prognosis makes the case a brain teaser for medial people.	Effectuated
Is the manuscript scientifically, correct? Please write here.	Yes, a rare case report with significant ossification of muscles, soft tissues etc and pathognomonic macrodactyly of the great toe.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	yes	Thanks
