

Review Form 3

Journal Name:	Asian Journal of Medical Principles and Clinical Practice
Manuscript Number:	Ms_AJMPCP_130849
Title of the Manuscript:	MATERNAL AND FETAL DEMOGRAPHIC PREDICTORS OF FETAL MACROSOMIA
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimumof3-4 sentences may be required for this part.	Manuscript is important however initially it is written that diabetes was excluded but later on in unexplained cases diabetes was considered a cause, that seemed little contradictory	Diabetes was excluded from this study, but diabetes and genetic factors were mentioned in the conclusion as external factors that could cause fetal macrosomia. This statement is in order. It simply mean that if they were included, the regression model might fit better.
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Thanks for the comments
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	Thanks for the comments
