

Review Form 3

Journal Name:	Asian Journal of Research in Computer Science
Manuscript Number:	Ms_AJRCOS_131189
Title of the Manuscript:	The Role of Data Science in Improving Healthcare Access and Equity
Type of the Article	Review Article

PART 1: Comments

	<b>Reviewer’s comment</b> Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.	<b>Author’s Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The paper describes about how data science improve healthcare. It also suggest how it bridges gap between data scientist and healthcare professionals. It highlights the applications and challenges.	Accepted
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Accepted
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No abstract must be rewritten highlighting the significance of the paper	I believe the significance was stated “However, challenges such as algorithmic bias, data interoperability, and privacy concerns remain significant barriers to widespread adoption. Ethical considerations, including fairness in AI-driven healthcare models, require urgent attention to ensure that data-driven interventions benefit all populations, especially marginalized communities. This paper explores the role of data science in improving healthcare access and equity, emphasizing predictive analytics, artificial intelligence, and machine learning applications. The study highlights the necessity of diverse and representative datasets to mitigate biases in predictive models and promote equitable healthcare delivery. “
Is the manuscript scientifically, correct? Please write here.	No only limited techniques are discussed. Recent paper must be considered for literature survey and their points also must be considered	More information have been added
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No Add recent reference	There are references of 2020 to 2024 but more have been added
