

Review Form 3

Journal Name:	Asian Journal of Research in Dermatological Science
Manuscript Number:	Ms_AJRDES_129856
Title of the Manuscript:	Christ-Siemens-Touraine syndrome: case report
Type of the Article	Case report

PART 1: Comments

	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	It is a rare case report symptoms are quiet amazing, by seeing this even medical community and scientific community know this type of syndrome. It is related to genetics also with mutation on X xhromosomes.Its quiet interesting case.	Ok
Is the title of the article suitable? (If not please suggest an alternative title)	Ok	Ok
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	In abstract u mentioned about allele EDA. Abstract should be more elaborated I think	Ok
Is the manuscript scientifically, correct? Please write here.	Ok, but it is clinical evidence more helpful to medical professionals if they done the mutation study on EDA gene oit is more effective to scientific community	We have both the clinical signs and we have identified the EDA gene
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Try to get recent means 2015 onwards if u find its good	I've added some new references
Is the language/English quality of the article suitable for scholarly communications?	ok	Ok
Optional/General comments	In introduction is too small try to explain about the prevalence of this syndrome even u r saying it is rare. If they studied EDA gene it is more supportive to this case report.	I've only found information about the incidence and I have added it

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
