

Review Form 3

Journal Name:	Asian Journal of Research and Reports in Endocrinology
Manuscript Number:	Ms_AJRRE_130751
Title of the Manuscript:	Gut hormones in glucose homeostasis and current treatment approach in the control of T2DM - A succinct review
Type of the Article	Review Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Diabetes mellitus being a global health issue, this manuscript may have some significance in the scientific community.	Agreed to the observation
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Results need to be clarified.	Results were presented in better way wherever missing.
Is the manuscript scientifically, correct? Please write here.	Seems scientifically correct if minor revision is done appropriately.	Yes, suggestions followed and necessary incorporations were made
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	A lot of references, 144 references are too much. That needs to be reduced. About 50% of references are older that 20 years. It is suggested to keep more number of references less that 10 years old.	Yes, as suggested retained necessary references and avoided older ones. The number was reduced to 115 which are essentially required to the article.
Is the language/English quality of the article suitable for scholarly communications?	There are some typos and janky English that need to be addressed during revision and prior to publication. Abbreviations are to be spelled out in the initial sentences. Introduction should clearly indicate the goals of this review article.	Yes, suggestion was taken in good spirit and provided correct phrasing to present the subject. Goals set were presented in the introduction to give more strength the article.
Optional/General comments	Please address and consider the suggested revisions.	Taken the suggestions and improved the article for better presentation of the subject.
