

Review Form 3

Journal Name:	Asian Journal of Soil Science and Plant Nutrition
Manuscript Number:	Ms_AJSSPN_130130
Title of the Manuscript:	Synergistic effects of Organic Manures and Biofertilizers on the Growth Performance of Cauliflower (<i>Brassica oleracea</i> L. var. botrytis) cv. Pusa Snowball-1
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	I liked the idea of this manuscript because it dealt with organic and biofertilizers as an alternative to chemical (mineral) fertilizer in order to preserve the environment and human health .	Added as per the comments
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Added as per the comments
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is not comprehensive. it requires many modifications , such as deleting misplaced sentences and adding other sentences, as shown in the attached manuscript	Added as per the comments
Is the manuscript scientifically, correct? Please write here.	No	Added as per the comments
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	It is preferable to use recent references with in the last ten years	Added as per the comments
Is the language/English quality of the article suitable for scholarly communications?	Yes	Added as per the comments
Optional/General comments	The manuscript lacks in its writing many necessities that cannot be overlooked , soil analysis before planting, analysis of the used organic fertilizers and mention where they were obtained , the treatments application , the dates of the adding them , and the quantity of seeds used , the data that were estimated , the statistical analysis used and how to calculate the economic feasibility. Finally , taking in to account writing references in their places.	Added as per the comments
