Title of the Manuscript:	Raya Hisar 1706: An Indian mustard variety with low erucic acid
Type of the Article	Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This article aims about the development of new Indian mustard Variety Raya Hisar 1706 having low erusic acid content developed by Chaurdhary Charan Singh, Hisar Agricultural University, Haryana and is tested and released under AICRP-RM project. This article is very useful for the scientific and farming community engaged in rapeseed and mustard production.	Ok
Is the title of the article suitable? (If not please suggest an alternative title)	If Possible, title needs to be modified as "A low Erusic Acid Indian Mustard- Raya Hisar 1706"	Noted
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	More detailed biochemical explanation of Indian Mustard needed and some fine polishing with English and Grammer needed.	Done revision
Is the manuscript scientifically, correct? Please write here.	It is scientifically correct but I was unable to get the report AICRP-RM on official website it would be more effective if the varietal identification committee recommendation page is added as proof.	Noted
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	<div>1. Reference for area and production must be given.</div> <div>2. Some more references on the biochemical properties of mustard may be quoted</div>	
Is the language/English quality of the article suitable for scholarly communications?	<div>1. Some sentences are repeated many times (Like "The NOID (RC-187) is a low erucic acid germplasm being maintained at Hisar") in the article that needs to be modified.</div> <div>2. Reference for area and production must be given.</div> <div>3. Instead of writing "Raya Hisar 1706 (RH 1706), the first zero erucic acid (erucic acid <2%)" it should be "Raya Hisar 1706 (RH 1706), the first low erucic acid (erucic acid <2%)"</div> <div>4. some fine polishing with English and Grammer and scientific pattern (like Rabi season should be written as rabi) needed.</div>	Ok corrected
Optional/General comments	Overall, the article is very good and useful for the ones working on rapeseed and mustard production. The article may be published with minor corrections and authenticating data with AICRP-RM reports.	Noted
