

Review Form 3

Journal Name:	Asian Research Journal of Agriculture
Manuscript Number:	Ms_ARJA_130035
Title of the Manuscript:	Germination and growth of <i>Faidherbia albida</i> (Del.) A. Chev. under different proportions of potting soil and different water regimes.
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Legume trees provide multifarious utility to the farmers. <i>Faidherbia albida</i> is very good legume trees provide economic stability to the farmers. However delayed germination is a big problem hindering wider acceptance by farmers in agroforestry plantations. This research will fulfill the knowledge gap. Well written manuscript.	Thanks for the comments
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes it is comprehensive	Thanks for the comments
