

Review Form 3

Journal Name:	Annual Research & Review in Biology
Manuscript Number:	Ms_ARRB_130486
Title of the Manuscript:	EFFICACY OF INSECTICIDES AGAINST POD FLY (Melanagromyza obtusa) OF PIGEONPEA
Type of the Article	

PART 1: Comments

	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This will aid in informing the farming community about the chemical helpful to get rid of problem of insect pest of pigeon pea in low cost and effective manner	Effective and economical insecticide use can improve pigeonpea yields, increasing farmers' incomes and enhancing their livelihoods. By reducing yield losses to pod fly, this research can contribute to improved food security and nutrition, particularly in regions where pigeonpea is a staple crop.
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is comprehensive but need minor changes related to treatment numbering and at par treatments	Suggested changes were made in the abstract of manuscript.
Is the manuscript scientifically, correct? Please write here.	Yes	Yes
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	Yes
Is the language/English quality of the article suitable for scholarly communications?	Need improvement in grammar and language should be more scientific	
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
