It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Given that COVID-19 and its complications and consequences have many unknowns, studying related factors and potential risk factors can help clarify the issue. Although retrospective and cross-sectional studies are the first step for further investigations in the future.	Thanks a lot for your comment.
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is suitable	Thanks a lot for your comment.
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, abstract is well structured, well written.	Thanks a lot for your comment.
Is the manuscript scientifically, correct? Please write here.	Yes	Thanks a lot for your comment.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	My suggestion is providing more references in both introduction and discussion sections, especially when discussing previous studies on relationship between oral conditions and Covid-19, especially if there are original research studies available.	Thank you for your valuable suggestion. We have incorporated eight additional references for both sections.
Is the language/English quality of the article suitable for scholarly communications?	Yes , its suitable	Thanks a lot for your comment.
