

Review Form 3

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_129459
Title of the Manuscript:	Study the effect of foliar spray of different chemicals on flowering and fruiting in Mango (Mangifera indica L.) cv. Dashehari
Type of the Article	Research article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Study of foliar sprays of different chemicals on mango (Mangifera indica L.) cv. Dashehari is essential for enhancing flowering and fruiting, which are critical for improving yield and fruit quality. Foliar application provides direct nutrient uptake, promotes hormonal balance, and mitigates environmental stresses, ultimately supporting sustainable mango production. This practice is particularly important in addressing issues like irregular flowering, fruit drop, and low productivity in mango cultivation.	Noted
Is the title of the article suitable? (If not please suggest an alternative title)	OK ,GOOD	Thanks
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	May be include all the treatment details on the abstract. GOOD	ok
Is the manuscript scientifically, correct? Please write here.	GOOD	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Referance should be changed journal formate and every title given number COMPETING INTERESTS The authors have declared that no competing interests exist. REFERENCES 1.
