

### Review Form 3

Journal Name:	<a href="#">International Journal of Plant &amp; Soil Science</a>
Manuscript Number:	Ms_IJPSS_130464
Title of the Manuscript:	Seasonal incidence of shoot and fruit borer, <i>Earias vittella</i> (Fab.) on okra <i>Abelmoschus esculentus</i> (L.) in relation to abiotic factors
Type of the Article	

#### PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Okra is one of the commonly grown vegetable globally. It is known for its delicacy and nutritional value. However, the crop is highly susceptible for infestation with fruit and shoot borer <i>Earias vittella</i> . The lifecycle of the insect pest is greatly influenced by the environmental conditions. So an investigation on seasonal incidence of fruit and shoot borer on okra in relation to various abiotic factors can be of utmost importance.	Okay
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the title of the article is suitable.	Noted
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract of the article is comprehensive however it is suggested to add some introductory points regarding okra and fruit and shoot borer. And why it is important to study their relation with respect to abiotic factors.	Done as suggested
Is the manuscript scientifically, correct? Please write here.	Yes, the manuscript is scientifically correct but it requires modifications suggested for some sections.	Noted
