

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_131106
Title of the Manuscript:	Morphological diversity and character association studies in Snake gourd (Trichosanthes anguina L.)
Type of the Article	

PART 1: Comments

	Reviewer’s comment Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript highlights the significant quantitative and qualitative characters of snake gourd which happens to get affected by the genetic diversity of the Snake gourd. It promotes the valuable insight in the further genetic improvement of snake gourd.	- Thanks
Is the title of the article suitable? (If not please suggest an alternative title)	Can be more demanding.	Made a slight replacement in the headings and highlighted in yellow colour
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	- Thanks
Is the manuscript scientifically, correct? Please write here.	Yes	-
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	- Thanks
Is the language/English quality of the article suitable for scholarly communications?	Yes	-
Optional/General comments	Manuscript is well researched and properly written. Though it needs a minor revision before acceptance.	Carried out all the corrections suggested by the reviewer

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	No ethical issues related to the scientific work done by the authors
