

Review Form 3

Journal Name:	Journal of Agriculture and Ecology Research International
Manuscript Number:	Ms_JAERI_130646
Title of the Manuscript:	A Statistical Approach for Analysis of Trend Pattern of Pigeon Pea in India
Type of the Article	Research article

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript provides valuable insight regarding the trends in area, production, and productivity of pigeon pea, a major pulse in India. This paper discusses the statistical tools that help analyse the trend, which will further help policy-making regarding food security and sustainability.	The authors are highly thankful to the reviewer for the valuable comments on the manuscript.
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the article's title is suitable and substantiates the content well.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract should be rewritten according to the format given on the author guideline page on the journal website.	The abstract has been rewritten according to the reviewer's suggestions, and highlighted in the revised manuscript.
Is the manuscript scientifically, correct? Please write here.	Yes, the article is scientifically correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes references provided are enough. See the comments given in the citation part of the content	The corrections suggested by the reviewer have been incorporated in the revised manuscript, and highlighted.
Is the language/English quality of the article suitable for scholarly communications?	Yes,the language quality is good and suitable for scholarly communication.	
Optional/General comments	The article provides a robust and well defined statistical analysis regarding the trend in the area, production, and productivity of pigeon peas in India. The abstract to be rewritten and minor corrections to be taken care of.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
