Title of the Manuscript:	Photobiomodulation effects on the postoperative outcomes of surgically assisted rapid maxillary expansion: a double-blind randomized controlled pilot study
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The aim of this study is to evaluate the effect of Photobiomodulation after surgery using LED devices during the postoperative period of SARME. If it will be significantly useful, it could represent a future possibility to substitute or to reduce the use of medications after surgery treatments. The study evaluated pain, edema, and paresthesia, with applications administered both intraorally and extraorally	We appreciate the reviewer's comments and their dedication to this review.
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is.	We appreciate the comments.
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I suggest you to add when the PBM has been applied to the patients after SARME surgery. (PBM was administered in the immediate postoperative period and on days 1, 2, 7, 14, 30, 60, and 90 following the surgeries.)	We appreciate the suggestion; the information has been added to the summary and highlighted in yellow. We also corrected the number of applications, which was actually 8.
Is the manuscript scientifically, correct? Please write here.	Yes, it is.	We appreciate the comments.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The reference list is sufficient, but I suggest to update the reference n.19 with another one more recent.
