

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_130856
Title of the Manuscript:	Efficacy of different herbicides on weed suppression and productivity of chickpea (Cicer arietinum L.)
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The study concerns weed control in a leguminous crop, but it only dealt with weed characteristics and yield.	I thank the reviewer for their time and efforts in improving the quality of the research article.
Is the title of the article suitable? (If not please suggest an alternative title)	I suggest (Efficacy of different herbicides on weed control and yield of chickpea (Cicer arietinum L.))	Research title changed.
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No, abstract is good	
Is the manuscript scientifically, correct? Please write here.	Yes ,but need to write scientific names correctly	The scientific names corrected.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Needs some updating	Recent updates added to the manuscript.
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Scientific names are not written in italics Why was bentazone applied after 30 days compared to the rest of the herbicides applied after 20 days? It was written weeds/m2, which should have been written plant /m2	Scientific names italicized; Bentazone application time corrected. Weeds/m ² means no. of weeds in per sq.m. area and hence, cannot be replaced by plants.
