Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	As an elective strategy for carrying out real-time observation in real-time conditions which makes it conceivable to get full supervision through CCTV	Thanks for the comments
Is the title of the article suitable? (If not please suggest an alternative title)	Enough	Thanks for the comments
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It's quite comprehensive	Thanks for the comments
Is the manuscript scientifically, correct? Please write here.	Add technical writing regarding the system flow that has been used in the script such as block diagrams etc.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	It is sufficient, only one reference as in 2019 so when this manuscript was published the reference was already 5 years old, which in the academic system references of more than 5 years are no longer relevant	Noted and revised
Is the language/English quality of the article suitable for scholarly communications?	Enough	Ok
<u>Optional/General</u> comments	Overall, it is quite good, only a few references such as 2019 have been replaced using references that are newer and less than 5 years ago when this manuscript was published and added to the materials and methods section, namely technical writing about the system used.	Noted and incorporated as per the suggestion
