

Review Form 3

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_131317
Title of the Manuscript:	A Survey on Public Knowledge and Awareness about Antibiotic Use and Resistance in Mjini Magharibi- Unguja, Zanzibar.
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer’s comment Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Major importance of this study was designed as public survey. Since this study was conducted in public who are non-medical literate people, it has its good impact. This study tried to include the general public knowledge on antibiotic resistance, made it good design.	Thanks
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Thanks
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is somewhat comprehensive but it could be made better by including proper key words. Proper key words are missing.	This has been addressed. Antibiotic Resistance, Mjini Magharibi-Unguja. Knowledge and Awareness, rational use of antibiotics
Is the manuscript scientifically, correct? Please write here.	It's the survey so number of samples must be more. Questionnaire are not appropriate it needed to be reviewed	The Minimum Sample size was 196; however, for convenience, we used 200
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Its ok	Thanks
Is the language/English quality of the article suitable for scholarly communications?	Language should be more scientific and require improvements	These have been addressed appropriately.
Optional/General comments	Try to make proper use of tables rather than graphs.	We tried as much as possible to allocate tables and figures appropriately
