

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_130343
Title of the Manuscript:	Evaluation of Novel Broad-Spectrum Fungicides for Management of Rice Blast and Sheath Blight Under In-vitro and Field Conditions
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript is completely based on chemical management of neck blast and sheath blight disease of rice. The chemicals responded differently in the <i>in vitro</i> and <i>in vivo</i> experiments. The conclusion of the study is not reflected in the abstract part.	Noted
Is the title of the article suitable? (If not please suggest an alternative title)	Title is appropriate.	Thanks
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is not comprehensive. The most effective treatment is not mentioned clearly. It must be rewritten mentioning the best treatment against the diseases. Unnecessary lines should be deleted, and the best treatment should be written by name with appropriate data.	Effectuated
Is the manuscript scientifically, correct? Please write here.	There are differences between the <i>in vitro</i> and <i>in vivo</i> results. The best treatment should be mentioned with proper justification.	Noted
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient but they must be arranged in proper alphabetical order.	Ok done
Is the language/English quality of the article suitable for scholarly communications?	There are a lot of grammatical mistakes in the manuscript for which the meaning of some lines is not clear. The lines should be rechecked for grammatical errors.	
Optional/General comments	There are spelling mistakes in the names of some chemicals like Difenconazole against Difenconazole, Flupyroxad against Fluxapyroxad which need to be corrected.	Corrected

Review Form 3

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
