Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Organic matter is essential to the soil ecosystem because it enhances the soil's structure and water-holding ability, and it offers substrates for bacteria that break down and provide plants mineral nutrients.	Okay sir
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable only.	Thank you sir
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract of the article is comprehensive.	Okay sir
Is the manuscript scientifically, correct? Please write here.	Better suited for it.	Okay sir, thank you.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	There are more pertinent references, but one from 2005. Only recent and with adequate references.	Actually apart from that reference other references seems recent and I added extra references which are published recently
Is the language/English quality of the article suitable for scholarly communications?	More than sufficient.	Thank you sir. Still I will try to make it better.
<u>Optional/General</u> comments	Only one reference 20. Aytenew M, Bore G. Effects of organic amendments on soil fertility and environmental quality: A review. Plant Sci. 2020 Sep;8(5):112-9. not included in writing pages but it is under bibliography.	As per the mentioned reference I removed it from the manuscript for its betterment. And added some recent references too.
