Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript is valuable in knowing the variety of organisms associated with surgical site infections and their sensitivities towards different antibiotics.	Surgical site infection (SSI) is a common infection (3rd healthcare-associated infection). Treatment is often probabilistic; which can increase antimicrobial resistance. So, this study, which allows us to see the distribution of bacteria involved in these SSIs and their sensitivity to antimicrobials, is interesting in the fight against antimicrobial resistance.
