Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract provides a solid overview of the study.	Noted
Are subsections and structure of the manuscript appropriate?	Yes Appropriate	Noted
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript is scientifically robust and technically sound as it employs well-established microbiological methods, including culture-based techniques, gram staining, and biochemical tests, to identify bacterial and fungal species from avian droppings. The study demonstrates methodological rigor by adopting a non-invasive fecal collection strategy, ensuring minimal disturbance to the birds while maintaining sample integrity.	I'm encouraged
