Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The research discusses social and cultural changes in rural communities that will benefit lower-class communities. The research discusses ongoing trends so that comprehensive data on societal changes will be obtained. The research can create policies for the government in implementing the principle of justice for the community.	No more correction
Is the title of the article suitable? (If not please suggest an alternative title)	The title is quite interesting and clear.	No more correction
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract fully explains the urgency, methods and results of the research. If it explains the theory or model used in the analysis it would be better.	Corrected and highlighted
Is the manuscript scientifically, correct? Please write here.	The method has been explained in a coherent and quite complete manner but the method of sample selection has not been explained. It is also necessary to add how the validity and reliability of the instrument are. The type of statistical test needs to be clarified.	Corrected and highlighted. I have used only the arithmetic mean of the statistical test. So, no more clarification is not applicable in this paper.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The bibliography is mostly new year but there are still old year references. There needs to be a change in the old references so that there are more new references (last 5 years).	I think this is a comparative study (between 2001 & 2023). So, some old references are relevant to the analysis. However, there are relevant new references also.
Is the language/English quality of the article suitable for scholarly communications?	The language/English quality of the article is suitable for scholarly communications	No more correction
Optional/General comments		No more correction
