

Review Form 3

Journal Name:	Archives of Current Research International
Manuscript Number:	Ms_ACRI_129793
Title of the Manuscript:	The Role of Student's Perceived Stress on Academic Performance: A Case of Business Schools of Karachi
Type of the Article	Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Manuscript is significant as it provides valuable insights into the impact of perceived stress on academic performance among university students, specifically in the context of business schools in Karachi. By identifying key stressors such as academic load, financial constraints, and social support, the study offers practical recommendations for educational institutions to enhance student well-being and academic success. Additionally, the use of PLS-SEM for data analysis contributes to the methodological rigor of the research, making it a valuable reference for future studies in the field of educational psychology and stress management. The findings can inform policy changes and the development of targeted interventions to reduce stress and improve academic outcomes for students.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, or Association word can be used.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract provides a concise summary of the study, including the research aim, methodology, key findings, and implications.	
Is the manuscript scientifically, correct? Please write here.	It appears to be scientifically correct.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	NA	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	<ul style="list-style-type: none">Provide a more detailed explanation of the sampling technique and the rationale for the sample size.Ensure consistent formatting of references according to the journal's guidelines.The study found that time management had a negative but insignificant effect on perceived stress. This result could be explored further to understand why time management did not have a significant impact and whether other factors might be influencing this relationship.
