Optional/General comments	<p>I have some appointments:</p> <p>1- It is important to explain the behavior of 25°C Curve. Figure 1: Why it is not in the same temperature relationship of the other curves</p> <p>The fitness of the models is based on r2 (Tables 2-4), Please, put another statistic parameter</p> <p>I consider that although the term sorption isotherm is relevant, It is not a new term. Moreover, it is important to put more statistical parameter analysis of the models to validade. But the article is relevant and well written.</p>
