Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Authors are detected and made a valuable data set of PAHs for Otamiri River, Nigeria. Methods used for chemical analysis of PAHs in river water and fish samples is precise and well established. I think data set having a high importance for scientific community around the globe. However, local GOs and NGOs can use this data set for pollution fighting and for creation of future policies to ensure sustainable development.	
Is the title of the article suitable? (If not please suggest an alternative title)	Title of the research can be revised as "Identification and quantification of Polycyclic Aromatic Hydrocarbons in Otamiri River Owerri, Southeast Nigeria"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I have corrected the abstract in track change file, which will be uploaded. Please find it.	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes,	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
