Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The topic is interesting and worth considering. However, there are several key areas that need more work prior to publication. The required changes have been summarized in the hope that the feedback will be useful to update the manuscript. Post these changes, this manuscript can be published.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive. However, the research contributions have been partially displayed while the case study is interesting and worth considering.	
Is the manuscript scientifically, correct? Please write here.	<ul style="list-style-type: none"><li>This article is analytical and the research is observation. It requires the solid vindication of the previous studies.</li><li>More explanation is needed to understand the goals of the research.</li><li>Please segregate the content into meaningful paragraphs to make it lucid for the readers.</li></ul> <b>Analysis</b> <ul style="list-style-type: none"><li>Theoretical analysis was done inadequately and not vindicated by the citations/previous research</li></ul> <b>Conclusion</b> <ul style="list-style-type: none"><li>Summarise how the article contributes to new knowledge in this domain.</li><li>Explain the conclusion, stating the significance of the research.</li><li>As part of the discussion, the corroborations of the findings are to be discussed.</li></ul>	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	This references in this manuscript are recent but insufficient. The in-text citations should be arranged in APA 7th Edition, synchronizing with the references that should be mentioned in alphabetical order at the end.	
Is the language/English quality of the article suitable for scholarly communications?	In general, the English in this manuscript requires significant improvement. Please carefully proofread it using Grammarly.	
Optional/General comments	Please follow the author guidelines of <a href="#">the Asian Journal of Education and Social Studies</a> to format the manuscript according to the journal's template.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
