Journal Name:	Asian Journal of Chemical Sciences
Manuscript Number:	Ms_AJOCS_130903
Title of the Manuscript:	EXTRACTION AND GC-MS ANALYSIS OF OIL FROM RED POTATO PEELS (SOLANUM TUBEROSUM)
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript does not discuss the unique characteristics of red potato peels (Solanum tuberosum), indicating a need for further investigation. Additionally, there is no scientific analysis of the results.	
Is the title of the article suitable? (If not please suggest an alternative title)	The article's title is inappropriate because it reveals the tools used.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract lacks comprehensiveness and gives the impression of merely describing a method. Abstracts should reflect current developments and trends. It would benefit from improvements to better convey its relevance and clarity.	
Is the manuscript scientifically, correct? Please write here.	The manuscript does not provide a scientific explanation of the research conducted.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The manuscript lacks literature related to the background to which the research was conducted.	
Is the language/English quality of the article suitable for scholarly communications?	English still needs to be improved.	
Optional/General comments
