Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript is crucial for the scientific community as it explores the roles of zinc and copper in the pathophysiology of hypertension. Both zinc and copper are essential trace elements involved in various biological processes, and their imbalances have been linked to the development and progression of high blood pressure. By investigating their specific mechanisms of action, this work could provide new insights into potential therapeutic approaches for managing hypertension.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Is the manuscript scientifically, correct? Please write here.	Yes,	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Need more number of references.
