Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Scrub typhus is one of vector-bone disease which is fatal if not treated early. Human hygienic behaviours are important in acquiring disease like not wearing long trousers/ long sleeve shirt. In this article, bathing habit is significantly related with acquiring disease as daily bathing can recognise the mite attached to body early. Escher is an important sign for diagnosis. This paper highlighted it.	
Is the title of the article suitable? (If not please suggest an alternative title)	Risk factor is better instead of 'occupational risk factor'.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	ok	
Is the manuscript scientifically, correct? Please write here.	ok	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	ok	
Is the language/English quality of the article suitable for scholarly communications?	ok	
Optional/General comments	good	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
