

Review Form 3

Journal Name:	Asian Oncology Research Journal
Manuscript Number:	Ms_AORJ_127946
Title of the Manuscript:	Immunotherapy for Resistant Cancers: Review of Present and Future Directions
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript provides brief information on cancer resistant and cancer immunotherapy. The manuscript falls short in providing in-depth details and fails to offer a comprehensive overview of the subject matter. The manuscript includes several crucial subheadings, which, if thoroughly explored, will hold significant value for the scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Considering the topic of the article, the abstract is short. The author should provide crucial details regarding the function of cancer resistance in cancer cell proliferation and its consequences for well-being.	
Is the manuscript scientifically, correct? Please write here.	The manuscript is scientifically correct and well composed.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The manuscript is supported by recent and sufficient references, considering the limited amount of information it contains.	
Is the language/English quality of the article suitable for scholarly communications?	The language is suitable for scholarly communications.	
Optional/General comments	<p>The introduction part is too concise. The author needs to improve it with recent facts to take the following into consideration to buttress the introduction aspect;</p> <ol style="list-style-type: none"> i. Write briefly on definition of cancer. ii. define cancer resistant and highlight how cancer resistant aid tumor growth and metastasis. Backup all facts with references. iii. Give recent studies that prove cancer cells are showing resistant to traditional treatments and radiation therapy. <p>In general the manuscript needs to be improved with recent studies.</p>
