Review Form 3

PART 1: Comments

	<b>Reviewer's comment</b> <b>Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	This study provides an explanation of the importance of bamboo species and the condition of bamboo species and their relationship to soil nutrients in Barangay Baganihan, Marilog District. This study shows that bamboo species have very low diversity, so it needs special attention because it indicates an unstable environmental condition and needs to be immediately preserved.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	Suitable.	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	The abstract is comprehensive because shows all the components that must be present in an abstract.	
<b>Is the manuscript scientifically, correct? Please write here.</b>	The manuscript is scientifically correct.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Sufficient and recent	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	The language quality of the article is suitable for scholarly communications.	
<b>Optional/General</b> comments	This article helps our understanding of the condition of bamboo species (Cephalostachyum mindorensis) especially in terms of species richness and species diversity which show low levels at research location.  <b>PLEASE SEE ATTACHMENT</b>	

PART 2:

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
