

Review Form 3

Journal Name:	European Journal of Nutrition & Food Safety
Manuscript Number:	Ms_EJNFS_129926
Title of the Manuscript:	Complementary feeding practices in children aged 6 to 59 months in the rural commune of Sinder/Tillaberi/Niger
Type of the Article	Review article

PART 1: Comments

	Reviewer’s comment	Author’s Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript is important to understand the impact of malnutrition, identify factors that influence feeding practices, to improve knowledge and feeding practices.	
Is the title of the article suitable? (If not please suggest an alternative title)	Complementary feeding practices among mothers of children aged 6 to 59 months in the rural commune of Sinder/Tillaberi/Niger	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive but there is a minor editing mistake - Adequate nutritional practices during early and early childhood are essential.	
Is the manuscript scientifically, correct? Please write here.	Yes it is. Results are presented clearly and concisely.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References mentioned are sufficient and recent	
Is the language/English quality of the article suitable for scholarly communications?	Yes it is suitable for scholarly communication	
Optional/General comments	Overall the manuscript is organized, appropriate statistical analysis, very elaborate description of the results and followed a structured format. Sampling method is not mentioned. It would have been relevant if monthly family income is mentioned. Exclusive criteria and limitations of the study are missing.	

Review Form 3
