

Review Form 3

Journal Name:	International Journal of Advances in Nephrology Research
Manuscript Number:	Ms_IJANR_129770
Title of the Manuscript:	PTM-Fetuin-A: A Promising Tool for Early Intervention in Chronic Kidney Disease among Diabetics
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	It's a well written article with a new promising biomarker for Diabetes kidney disease. Few studies have been published with regard to this topic. The study design is good and can prove to be reference for future work	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	yes	
Is the manuscript scientifically, correct? Please write here.	correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	sufficient	
Is the language/English quality of the article suitable for scholarly communications?	suitable	
Optional/General comments	The sample size is low. The sample numbers in each group is not specified. Correlation represented as graphs will be better, instead of the tables. Tables appear to complex for interpretation. Results can be rewritten into parts for better understanding. e.g: table showing the levels of marker , then the correlation graphs, significance etc
