

Review Form 3

Journal Name:	International Journal of Pathogen Research
Manuscript Number:	Ms_IJPR_131089
Title of the Manuscript:	ANTIBIOGRAMS AND MICROBIAL CARRIAGE OF UNIVERSITY OF JOS CAMPUS SHUTTLE DOOR HANDLES.
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	I appreciate work of authors on antibiogram study on fomites, although it is a basic step toward research world. I think, overall, all types of bacteria should also include in this study. It is basic prevalence data bacteria present in of university door shuttles. I think the manuscript is scientifically correct. Prove of data should be provided in consent form.	
Is the title of the article suitable? (If not please suggest an alternative title)	Change title: Antibiograms of <i>S. aureus</i> as microbial carriage via Shuttle Door Handles at University Of JOS	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I add all comments in file of manuscript. Some major and minor corrections required. Add procedure of AST testing of medicine against isolates and also add identification method of isolates. Also add antibiograms data in form of graph.	
Is the manuscript scientifically, correct? Please write here.	Yes, minor correction at methodology required.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, more references should be added for <i>S. aureus</i> as carriage via fomites.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments	Add AST data results at discussion and conclusion. Add reference of CLSI for interpretations of AST results.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
