

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_130443
Title of the Manuscript:	Influence of Different Levels Organic and Inorganic Fertilizer Growth and Yield of Potato (<i>Solanum tuberosum</i> L.)
Type of the Article	Research article

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The over or imbalance use of chemical fertilizers in cultivation of crops, degrades the soil fertility and health. Organic amendments have the potentials to reverse soil degradation processes. This study aims to improve the soil health and minimize the chemical fertilizer use and to standardize the fertilizer requirement in potato for higher yields which is required for practical cultivation of potato.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is suitable. (Please check the grammatical error in title)	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Please make it short (Mention the use of organic and inorganic fertilizers in introduction instead of abstract)	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Is the language/English quality of the article suitable for scholarly communications?	The language is generally clear. Minor corrections like grammatical mistakes and typographical errors could improve readability of the article.	
Optional/General comments	Please indicate subscript and superscript wherever needed. <i>et al. should be mentioned in italics</i> please check	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
