

Review Form 3

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_130671
Title of the Manuscript:	ANTIOXIDANT, IN-VIVO AND IN-VITRO ANT-IINFLAMMMATORY ACTIVITIES OF PILIOSTIGMA THONNINGII ROOT EXTRACT
Type of the Article	Research

PART 1: Comments

	Reviewer’s comment	Author’s Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript has the potential to inspire new avenues of research, foster interdisciplinary collaborations, and inform evidence-based strategies for promoting human health and well-being.	
Is the title of the article suitable? (If not please suggest an alternative title)	Pharmacological Evaluation of Piliostigmathonningii Root Extract: Antioxidant and Anti-Inflammatory Properties"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Add little introduction and aim at beginning.	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Additional references with various other part of selected plant is required.	

Review Form 3

Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	<p>Certain clarity is required for this article.</p> <p>1. "Original images and taxonomic descriptions of the selected plant species are required for verification purposes."</p> <p>2. "There is a discrepancy between the research title, which specifies the root as the plant part under study, and the Materials and Methods section, which mentions leaves. Please clarify and correct this inconsistency."</p> <p>3. "Please provide a justification for selecting methanol as the solvent for extraction, including its rationale and relevance to the study."</p> <p>4. "For consistency, please replace all instances of 'crude extract' with 'methanol extract' in the Results section to accurately reflect the solvent used."</p>	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
